

Injury Zone Geofencing

Target Prospects at Their Moment of Need

THE OPPORTUNITY

Accident victims research lawyers on their phones while at hospitals, ERs, and tow yards. Most firms waste ad spend on broad targeting when prospects are concentrated in predictable locations.

OUR SOLUTION

Precision location-based advertising that targets potential personal injury clients at the exact moment they need legal representation

TIER STRUCTURE

TIER	AD BUDGET	MONTHLY FEE	LOCATIONS	AD VARIANTS
Tier 1	\$0-\$19,999	\$2,000	Up to 25	3 variants
Tier 2	\$20K-\$49,999	\$3,000	Up to 50	5 variants
Tier 3	\$50K-\$99,999	\$5,000	Up to 100	8+ variants
Tier 4	\$100K-\$199,999	\$6,500	Unlimited	Multi-format
Tier 5	\$200K+	Custom	Enterprise	Custom

Core Targeting Locations

PRIMARY ZONES

- 📍 Hospital emergency rooms
- 📍 Urgent care centers
- 📍 Major accident intersections
- 📍 Tow yards and auto body shops

SECONDARY ZONES

- 📍 Chiropractor offices
- 📍 Physical therapy centers
- 📍 Workers' compensation hotspots
- 📍 Competitor law firm locations

KEY BENEFITS

Target highest-intent prospects at moment of need

Lower competition than broad demographic targeting

Ethical and compliant with privacy regulations

Advanced retargeting for prospects who don't convert immediately

Real-time location intelligence and optimization

Complete campaign performance tracking

TYPICAL RESULTS

- ✓ 3-5x higher conversion rates vs. traditional digital advertising
- ✓ 40-60% lower cost-per-lead due to precise targeting
- ✓ Immediate response from prospects in crisis situations

THE COMPETITIVE ADVANTAGE

While competitors advertise to people who might need a lawyer someday, you advertise to people who need one right now.

IDEAL CLIENT

PI firms spending \$20K+ monthly on digital advertising who want to target prospects at their highest moment of need rather than hoping to catch them browsing.

NEXT STEPS

15-minute consultation to identify the highest-value injury locations in your market and project ROI based on your current advertising spend.
