

Relentless Recall (Retargeting)

High-Frequency Retargeting for PI Prospects

THE PROBLEM

97% of website visitors leave without converting. In personal injury, this means prospects research your firm, then hire competitors who stay top-of-mind during the critical 14-day decision window.

OUR SOLUTION

Strategic retargeting that bombards prospects with 8-12 daily impressions for 3 days, then maintains visibility with 2-3 daily impressions through day 14 - the critical decision period.

PLATFORM FOCUS

Meta (Facebook/Instagram)

Primary platform for PI retargeting

OTT (Over-The-Top)

Streaming TV and connected TV platforms

Note: PI advertising restrictions limit platform options - we dominate the ones that work
